Swala to Sponsor ten students at the Dept. of Geology, University of Dar es Salaam

Swala Oil and Gas (Tanzania) Limited (“Swala”) is pleased to announce a new scholarship scheme to sponsor ten students at the Department of Geology, University of Dar es Salaam. This scheme is part of Swala’s commitment to the development of local capacity able to fully participate in Tanzania’s hydrocarbon economy.

Students wishing to attend a university course must apply to the Tanzania Commission for Universities (www.tcu.go.tz) or the National Council for Technical Education (www.nacte.go.tz). Once selected for a course, students may apply for national grants to assist them in their studies.

Swala invites applications for its scholarship scheme from students wishing to start a Geology degree at the University of Dar es Salaam in the 2013/2014 academic year. Students with outstanding academic results are invited to send a CV together with copies of their academic results and the names of two referees to

Swala Oil and Gas (Tanzania) Limited

DSMScholarship@swala-energy.com

Applications must be received by the 30th June 2013. No applications shall be considered after that date.

Successful candidates will be notified by the 7th of July 2013.

Dr. David Mestres Ridge, Swala’s CEO said “With Tanzania’s success in gas exploration and on-going oil exploration, we collectively need to build the local capacity to support and develop such a nationally important industry. This means developing human resources, and particularly the next generation of Tanzanian geoscientists. Whilst the oil industry in Tanzania already contributes significant sums to local development, in a programme administered by the Tanzanian Petroleum Development Corporation, we felt it appropriate to add to that effort in partnership with the University of Dar es Salaam.”
